

# Rangiora High School Board of Trustees

## Professional Development for Trustees Policy

### Rationale

Professional learning is a requirement for quality governance by the Board of Trustees.

### Purpose

To ensure Trustees have opportunities to attend training, webinars, workshops and conferences to improve and assure their individual and collective skills and knowledge.

### Guidelines

1. All Trustees are encouraged to embrace professional learning in order to enhance their own skills and their contribution to the Board of Trustees.
2. Trustees have a responsibility to attend local training sessions and webinars, whenever possible.
3. Workshops and conferences should be part of a strategic PLD plan for Trustees.
4. Fees/registration for approved courses will be paid in full by the Board of Trustees.
5. Trustees will be recompensed on an 'actual and reasonable' basis.
6. All Trustees attending approved courses/conferences are required to present a written/oral report to the next Board meeting.
